Army Installation Management Command
Exceptional Family Member Program
brings you LRP Publications'
DirectSTEP® eCourses FREE of charge.

Parents and educators both play a critical role in educating students with disabilities. Navigating the complexities of special education laws and procedures can be challenging for all involved. It is important that both parents and educators have an understanding of federal requirements in every decision, every classroom, every program – every day.

DirectSTEP® eCourses explain federal requirements and best practices for behavior management, autism, IDEA eligibility, IEPs and more. They also teach parents and educators how to handle critical education issues to obtain positive outcomes while applying education laws to the day-to-day world of teaching and learning.

With each eCourse you will:

- Receive the highest quality training developed by respected special education experts
- Learn at your own pace for the greatest possible comprehension and retention
- Take courses based on individual training needs and interests
- Engage in learning through quizzes and activities
- Learn how to make decisions that are educationally and legally sound
- Receive a certificate of completion
